Jose Rodriguez was absolutely amazing! He had all of the qualities you want in a customer relations specialist that built trust immediately with the company and product. He was respectful, professional, and highly knowledgeable about the water softener we needed for our home. We had a lot of water softener companies vying for our business but we were impressed at how he answered all of our questions and recommended the right water softener for our needs (not the most expensive)!!! Jose is a true asset to the organization and their customers. I would recommend Jose and the Apex organization to anyone! The product is absolutely amazing too!
